## Jacquard Lumiere 66.54ml

[Lumiere Instructions](#) [Lumiere Palette Fact-Sheet](#)

**SKU:** JAC 15 -

**Price:** \$8.21

### Product Description

The most versatile and wide-ranging assortment of metallic and pearlescent acrylics available, these stunning light-bodied paints brush on smoothly and are formulated to last. Use Lumiere paints whenever a metallic or pearlescent effect is desired, for fine arts, craft, home decor or textile applications. They won't crack, peel or chip, even on flexible surfaces like fabric, leather, vinyl or rubber. Soft to the touch and washfast on fabric, Lumiere paints also exhibit unparalleled adhesive properties, even on non-porous surfaces like ceramic and metal. Lumiere colors are lightfast and weather-resistant, and their high pigmentation provides excellent coverage, even on dark grounds.

FABRIC/FIBER/SURFACES natural and synthetic fabrics, leather, wood, canvas, vinyl, plastic, rubber, clay, paper and more

---

## Jacquard Neopaque 66.54ml

[Neopaque Instructions](#)

**SKU:** JAC 15

**Price:** \$12.43

### Product Description

Neopaque shares many characteristics with Lumiere but is formulated with traditional pigments instead of metallics. A great companion to [Textile Color](#) for black fabrics, these super opaque paints provide maximum coverage on virtually any dark ground. Exceptionally washfast on fabric, Neopaque is also permanent on a wide variety of other surfaces, including leather, vinyl, canvas, stone, plastic and rubber. Professional shoe painters depend on Neopaque for its superior durability and adhesion to non-traditional surfaces?it won?t crack, peel or chip, even with continuous wear. Great for fine arts, textiles, leather and more, Neopaque is unsurpassed for coverage, versatility and performance.

TECHNIQUES paint, screen, stencil, stamp; add to [Lumiere](#) for an antique effect

FABRIC/FIBER/SURFACES natural and synthetic fabrics, leather, wood, canvas, clay, vinyl, plastic, rubber, stone, paper and more

---

## Daler Rowney Graduate Acrylic Paint 120ml

Daler Rowney Graduate Acrylic. 120 ml

**SKU:** RO 123120

**Price:** \$4.99

RainbowART E-Shop

### Product Description

Daler Rowney Graduate Acrylic offer a very affordable range of acrylic colours. The range features bright and strong colours that are easy to brush onto surfaces. They can be used on any paper surface, primed board or canvas, used indoors or outdoors and are so versatile they can also be used with a variety of acrylic mediums, also available from Daler-Rowney. There are 48 colours in the range, including metallic colours and come in 120 ml and 1 litre sizes. Graduate Acrylic colours are of good pigment strength and flow easily across paper and primed surfaces. Colours are water-based and contain no solvents. In accordance with EC labelling regulations, all colours are classified as non-dangerous for use. The advantage of acrylic colours to schools and hobbyists, of course, is that artwork can be dried and stored away shortly after an art class has been completed, and will not smudge if water is spilled on the surface of the painting. The colours are fast-drying, durable and flexible, so paintings will last a long time. Paper and canvas coated with Graduate Acrylic can be loosely rolled and stored without fear of cracking.

---

## Daler Rowney System 3 Acrylic Paint 59ml

**SKU:** RO 129059

**Price:** \$4.79

### Product Description

System 3 acrylics are highly versatile, water-based acrylic colours. They offer an excellent painting experience at an economical price. Only high-quality pigments are used in the manufacture of the System 3 acrylic ranges, offering significantly greater loading than in other acrylic ranges available in this class. System 3's comprehensive range of colours offers excellent light-fastness\*, permanence, durability and covering power. All colours can be thinned with water to pale washes, or used directly from the pot or tube; each form dries quickly to create an insoluble film. The quick drying properties of the range enable the artist to work quickly, superimposing or juxtaposing colours without unnecessary fuss. All System 3 Original and Heavy Body colours are fully intermixable and suitable for interior use. As they are not lightfast, fluorescent colours are not recommended for exterior use; all other colours are both lightfast and durable. \*All but fluorescent colours; by their nature fluorescent pigments are not lightfast
