SCULPEY Air Dry Clay 998g Bright White

Sculpey Air-Dry? modeling clay is ideal for sculpting and can be shaped into coil or slab forms. If air-dry?clay becomes stiff, you can add a little bit of water and knead it to make it soft and fresh again.?This type of clay will dry hard and:

- - Is easy to handle and manipulate.
- - Can be painted or colored with markers once dried.
- - Retains a permanent shape after drying.
- - Does not require exclusive products for finishing and glue.
- - Is suitable for all ages due to the variety of clay types on the market.
