

Daler Rowney Linseed Stand Oil 75ML

Daler Rowney Water Mixable Linseed Oil reduces the consistency of your oil colours and slows down their drying time. Used straight from the bottle, this oil will give your paint a high gloss finish.

SKU: RO 119707031

Price: \$9.49

Product Description

Daler Rowney Linseed Stand Oil 75ML

Daler Rowney's Stand Oil reduces the consistency of oil colours and enhances flow. This medium is viscous and dries slowly to a tough elastic film. It is faster drying than pure Linseed Oil. It also reduces brush marks in your paint film.

Product Description

Daler Rowney Medium Alkyd Flow 300ML

Daler Rowney's Alkyd Flow Medium is slightly thinner than their Alkyd Gel. When mixed with oil paints it will increase their transparency and flow, allowing the paint to be brushed out more smoothly. It will also reduce the overall drying time of the colours it is mixed with.

SKU: RO 114030022

Price: \$19.99

Price: \$8.99

Product Description

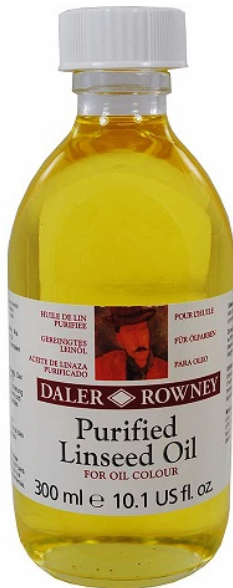

Daler Rowney Oil Linseed Stand 75ML

Stand oil is a thicker processed form of linseed oil, with a slower drying time (about a week to be dry to the touch, though it'll remain tacky for some time). It's ideal for glazing (when mixed with a diluent or solvent such as turpentine) Produces a smooth, enamel-like finish without any visible brushmarks.

SKU: RO 114007014

Price: \$6.99

Product Description

Daler Rowney Oil Purified Poppy 75ML

Daler Rowney's Poppy Oil is clear in colour and is commonly used to mix with light colours; other oils, such as Linseed will cause lighter colours to yellow. Poppy Oil is less inclined to yellow than Linseed Oil, but is slower drying. When mixed with colour, this oil will enhance gloss and flow, but using it in high proportions will prevent the colour film from drying thoroughly.

Price: \$8.99

Product Description

Daler Rowney Painting Medium 75ML

Daler Rowney Oil Painting Medium is the ideal all-purpose painting medium. It is formulated from a mixture of Linseed Stand Oil, White Spirit and Oil of Spike Lavender. When mixed with oil colour it will dry to a tough, elastic film. This medium is very easy to handle, so would be a great choice for beginners. It also creates an excellent glaze.
