Product Description

Hahnemühle The ZigzagBook Watercolor Paper 300gsm . 18 pages of the finest watercolour paper folded in accordion style provide unlimited possibilities. No matter if it is the giraffe with the longest neck, the widest panorama or an Instagram-style pictorial, the ZigZag book you can do it all. Ideal for urban sketchers and all those that love to paint and draw while being on the road: the ZigZag book is available in a square (14 x 14 cm) or portrait formats A5 and A6. The watercolour paper features a fine-grain surface on both sides and is perfectly suited for all wet painting techniques with brush or pen. The 300gsm weight ensures stability and thanks to the surface sizing, colours flow with ease and can be lifted without any problems. The paper is eraser-resistant and masking fluid and tapes are removed residue-free. Rugged oversized book covers help to protect the content. Due to its durable cover, the ZigZag book is inured to outside influences. An eye catching red band in the upper right corner can be used to close the book securely. The rooster on the backside underlines the exclusivity of the Hahnemühle creative prowess.
