**SKU:** PRI 261CP550850

**Price:** \$3.18

### Product Description

Plasticine block, grey colored (general range of 10 colors), with 2 modeling sticks. It is a wax-based modeling clay, available in bright colors. Worked with the hands it becomes ductile and soft, perfect for shaping shapes, even with the help of the scraper. The colors can be perfectly mixed together, obtaining new tones or combined for multicolored or marbled effects. It can be reused as desired even after a long time, if exposed to non-dry air. Keep away from heat sources. Remove the packaging before giving the play dough to the child. The product may stain. Protect clothes and furniture. In case of stains on fabrics: remove light stains with soap and water with washing by hand. If the product adheres to the fabric, remove it with a spatula and if there are stains of color, treat them with olive oil and then wash with plenty of water and soap.
