Price: \$28.86

Product Description

Used by dollmakers, artists and animation studios worldwide, Super Sculpey??Living Doll polymer clay blends effortlessly and creates lifelike figurines with fine, realistic features. You can use Sculpey's??polymer clay to design dolls and stunning models alike. Our clay allows you to sand, drill, carve or paint the semi-transparent finish easily after baking.

Benefits of Using Super Sculpey? Living Doll Clay

Super Sculpey??Living Doll clay is available in one-pound bars and three skin-tone options. Sculpey??Living Doll polymer clay is made for smooth bending and remains soft and pliable out of the package. Other advantages of using Living Doll clay include:

- A smooth baked finish that does not show seams
- Versatile, flexible and workable qualities
- Color and size that are retained when baked
- Soft and incredibly durable professional-grade material

What to Make With Living Doll Clay

Living Doll Clay can be sanded, buffed, glazed and painted to create any design. Once you finish baking your Super Sculpey??Living Doll polymer clay, remove it from the oven to cure and cool. Once its cooled, sand and buff your doll or creation before painting and sealing it with a glaze. Checkout our?[clay craft ideas page](#)?for some inspiration on how to create your next doll or fun figurine!

Purchase High-Quality Super Sculpey? Living Doll Clay
