

ISOMARS Multi-Scale Male Figure Drawing Template

SKU: ISOM 8002M

Price: \$2.89

Product Description

Multi-Scale Precision: This template offers the convenience of multiple scale options, including 1:20, 1:25, 1:125, 1:100, and 1:175. This variety ensures that you can work with the right scale for your technical drawings, ensuring accuracy and professionalism. **Transparent Clarity:** Crafted from transparent orange plastic, this template provides excellent transparency. It allows you to position the template precisely over your drawing medium, ensuring that your figures align perfectly with your artistic vision. **Comprehensive Figure Set:** The template includes a collection of 20 male figures, each meticulously designed to represent human proportions accurately. Whether you're sketching fashion concepts, or technical illustrations, you have a diverse set of figures at your disposal. **Product Specifications**
